## EARLY YEARS QUESTIONNAIRE

*Understanding the Early Years  
of Childhood*

In February 2020, kindergarten teachers at all of School District No. 83's elementary schools will be given a questionnaire called "the Early Years Development Instrument" (EDI) to complete about their Kindergarten students.

School District No. 83 (North Okanagan-Shuswap) has partnered with the Human Early Learning Partnership (HELP) at the University of British Columbia to facilitate this questionnaire.

The Early Years Development Instrument (EDI) is a questionnaire that measures five core areas of early child development, known to be good predictors of adult health, education and social outcomes.
